

Unify all your voice, data, video & chat into **a single, easy-to-use, easy-to-manage platform.**

Unified Communication as a Service (UCaaS)

Make Communications Less Taxing with GigTel!

UCaaS consolidates all communication from anywhere, on any device, in real-time. Seamlessly integrate phone, conferencing, chat, MMS, SMS, and video to simplify and streamline your communication organization-wide.

Primary Features

- Complete call control (forward, logs, monitor, transfer, record, etc.)
- Seamless conferencing (video, voice & screenshare)
- Mobile app and softphone
- Call Recording (on demand, specific users / all users)
- Built-in enterprise class contact center
- Ready-to-go software integrations
- Security & fraud detection
- Virtual Receptionist, and much more...

Our Benefits

- ✓ Competitively priced/predictable monthly fee
- ✓ Significantly reduces expenses as compared to traditional phones systems
- ✓ No compromise, all-inclusive packaging
- ✓ Extremely intuitive interface eliminates the need for IT resources
- ✓ "Work From Anywhere" with advanced Call Routing, Mobile App, and Corporate Presence
- ✓ Ability to scale based on seasonal needs
- ✓ Automatically route calls to any user or queue regardless of location
- ✓ 24/7 unlimited, in-house, US-based support at no additional cost

Why GigTel?

Our technology & telecom roots reach back over 70 years. We consistently help customers save money and leverage enterprise-grade technology.
