

# Remote and Hybrid Workforce Solutions

For Small and Medium-size Businesses (SMBs)

# The talent out there is limitless. Unlimit your search.

Workers today value flexibility and quality of life as much as they do their paychecks. In fact, 66% of job seekers aren't willing to return to the office.\* By broadening your hiring strategy to include the remote and hybrid workforce of the future, you gain significant advantage over competitors.

## CASE STUDY: Senior professional with remote experience for seamless onboarding

**Challenge:** A food service company was looking for an on-site senior accountant with specific skills and experience not common in their market. But, the hiring manager wanted the employee to be in the office to make onboarding easier.

**Solution:** We quickly provided a remote candidate who was able to outline the virtual onboarding process they needed to be successful.

**Value Delivered:** The company was impressed with the candidate's skills and preparation for working remotely. The professional was able to start right away, shortening the company's time to hire.

**We've helped thousands of small businesses unleash their potential by going remote or hybrid.**
